

Mounds View Public Schools Ends and Goals Policy

EG-2101

Addressing Learner Needs

It is the policy of the Mounds View Public Schools to address the needs of the full range of learners. It is the intent of the School Board to offer learners a variety of program options, instructional approaches and instructional resources to enable learners to achieve expected outcomes.

The District administration will assure that programs are evaluated and modified when necessary and that parents are given an appropriate voice in the review of instructional materials used by students.

Rationale:

The District's mission statement states that there will be a broad range of programs to educate all learners.
