

# Mounds View Public Schools Ends and Goals Policy

**EG-4108**

## **Charitable Fund Drives**

Mounds View Public Schools recognizes the societal benefits that result from programs and services provided by charitable organizations and encourages support of those organizations by employees. Therefore, the District will allow charitable "federations" (private, non-profit organizations that solicit donations on their own behalf and on behalf of other non-profit member agencies) to solicit employees at their work sites for voluntary donations for charitable purposes.

In the interest of efficiency and effectiveness, one coordinated annual fund drive will be allowed each fall conducted by charitable organizations that qualify as a "federation."

### **Rationale:**

Mounds View Public Schools recognizes the value of partnership with charitable organizations in order to benefit members of our community.
