

Mounds View Public Schools Ends and Goals Policy

EG-4110 **Legislative Involvement**

The Mounds View School Board will advocate for legislation that is consistent with the Mission, Vision and Values of the District.

The School Board will keep itself informed of legislation and communicate priorities and impact to elected representatives at the state and national levels.

The School Board will work with its legislative representatives, membership organizations such as the Association of Metropolitan School Districts, and the residents of the community in developing an annual and long-range legislative plan.

The School Board will work with the Superintendent in developing legislative priorities, District position statements and actions on proposed legislation.

Rationale:

It is the responsibility of the Mounds View School Board to develop, propose and advocate legislative positions that are consistent with the Mission, Vision and Values of the District.
