SUPER SUMMER 2009

programs are open to students entering grades 2-6 (unless otherwise noted).

AROUND THE WORLD

Get away this summer but leave your passport at home! Super Summer 2009 offers you an opportunity to explore world languages including Chinese, French, German and Spanish.

INTRO CLASSES offer you a closer look at the cultures, traditions and the history surrounding the language and provide lessons in basic vocabulary.

8 a.m. to 10 a.m.

Chinese (Mandarin)	French
German	Spanish

INTERMEDIATE CLASSES are available for students who are already familiar with the language and have taken some kind of introductory class in the past. If you register for an intermediate language class, you will learn to speak and understand the language.

10:15 a.m. to 12:15 p.m.

Chinese (Mandarin)	French
German	Spanish

Courses will be held June 22 to July 9, Monday through Thursday from 8 a.m. to Noon (unless otherwise noted).
Courses will be held at Chippewa Middle School, 5000 Hodgson Road, North Oaks.

A STAR IS BORN

8 a.m. - Noon

Open to students entering grades 3-9

Seeking the spotlight? Sign up and you'll be cast in the performance of the summer. You will learn to feel at home on the stage while rehearsing for a Super Summer performance filled with singing, dancing and acting.

You're on

VACATION

...your brain isn't

ARTIST'S STUDIO

8 a.m. - Noon

Let your imagination run wild and discover your true artistic talents as you work with paint, clay and other tools to create various works of art. From puppets to mobiles, sculptures to books, weavings to drawings, prints to clay vases; you will find it all and more in this Super Summer class. Use clay, glazes, papier mache, watercolors, colored pencils, ink, and yarn to create and explore your artistic talents while learning new skills and techniques. If you've got the time, this is the place!

WINGS & WHEELIES

8 a.m. - Noon

If you are looking for a challenge this summer and you like hands-on science activities, "Wings and Wheelies" is the Super Summer course for you! Budding engineers, scientists and technology fans will be challenged to use their math and science skills to build and test kite, balloon and robot designs.
