THE ISLAND LAKE EXPERIENCE

Student learning is a community affair at Island Lake. Through an extensive volunteer program, students study and learn side-by-side with community members and parents. The school's dedicated teaching staff utilize a strong curriculum to guide student achievement. Results are evident with student test scores on the Minnesota Comprehensive Assessments in the top 5 percent in the metropolitan area, matching the tradition of excellence at the school. School days at Island Lake are enriched by an active and supportive Parent/Teacher Association.

PERSONALIZED INSTRUCTION

At Island Lake, resources are coordinated to customize reading and math instruction according to ability levels in reduced group size settings for students. A comprehensive online database of students' test scores and achievement data is readily available and easily accessible to teachers to ensure that all students are working to their full potential. Access to this timely information also helps teachers tailor their daily instructional approach to match students' needs and meet personalized performance goals. An Internet portal called SchoolView allows parents online access to a variety of their student's information.

RESPECTFUL BEHAVIOR

Island Lake offers every student a healthy, safe and respectful learning environment in which instruction is given on many positive characteristics of good citizenship. The school is focused on reaching and enhancing skills that assist students in growing into strong, contributing, caring citizens.

PARENT PARTNERSHIPS

Parents are encouraged to play an active role in their child's school experience. Island Lake

offers many opportunities for parents to support learning inside and outside of the classroom. Many volunteer options are available, from classroom, clerical and IMC positions to school picture day volunteers, field trip chaperones and PTA involvement.
