Through Mrs. Mitchell, we offer our parents and community a *person* to contact at VHES, rather than a recorded series of options and extensions. We request that parents use the red parent/school communication folder provided by PTA for most communication with your teacher. However, we recognize that occasionally urgent things "pop up" after children leave for school. For things the teacher needs to know that same day (teachers are frequently unable to check voice mail/e-mail until after school is dismissed), please call Mrs. Mitchell, who will assist in getting your message to the appropriate staff. Please note that, after about 2:30 p.m., we may not be able to get messages through. *Most* VHES teachers have opted for a feature available through District 621 voice mail system which allows ALL calls to go to their room.

To reach your child's teacher, call the District's voice mail number (651-639-6106). You will hear this message: "You have reached the Mounds View Schools' voice mail system. Please enter the extension or mail box number of the person you are calling at any time." Then, enter the extension of the teacher and the call will go directly to his/her room. If the teacher either cannot take calls or is unavailable, your call will roll back into voice mail after several rings so you can leave a message. VHES Office
