### District-wide annual asbestos notification

Mounds View Public Schools has continued to respond to asbestos in buildings in a cautious and proactive manner. Building administration will continue with its ongoing asbestos operations and maintenance program, including periodic surveillance inspections, which are conducted on a semiannual basis. Also required as part of AHERA (Asbestos Hazard Emergency Response Act-EPA) are re-inspections, which are conducted by accredited inspectors every three years since the implementation of the District's Management Plan. The building administration's ongoing efforts related to the management and control of asbestos containing materials are focused on providing a safe environment for our building occupants and employees. If you have any questions, would like to review the management plan, or are interested in recent response actions completed at the buildings, please contact Chris Paquette at 651-621-6090.

## Stay connected in 2021-22

Staying connected to the District and its schools is more important than ever. Add your email and phone number to Synergy to make sure you receive email and text updates, and download the free Mounds View Public Schools app. Find the app in the App Store or on Google Play to receive the latest news and updates.
