COMPTIA A+ CERTIFICATION

CompTIA A+ will cover curriculum that prepares students for the CompTIA A+ certification exam. This certificate will qualify students to work in the IT field as Tier I Helpdesk Support Professionals. CompTIA A+ will be offered Semester I and II.

CompTIA A+ Curriculum includes;

- Operating system installation and upgrading
- Installing and imaging virtual machines
- Data storage
- Peripheral devices
- Safety and maintenance
- Assembly and disassembly of hardware
- Computer networks
- Internet security
- Troubleshooting

Monday through Friday - 9:00am to 12:30 pm

DIGITAL LITERACY & MICROSOFT OFFICE SPECIALIST TRAINING

The program then focuses on training for the Microsoft Office Specialist Certificate. Microsoft Office Specialist (MOS) Certificate is earned when passing any 3 Certiport Assessments. The Microsoft Office Specialist Certificate offers employers evidence that certificate holders have the computer skills necessary to work in office environments. MOS will be offered Semester I and II.

Monday through Thursday - 1 to 3:30 pm
