METHOD OF TRANSFER:

“Eye-to-Eye” Transfer – Bus driver will have eye-to-eye contact with parent or other designated responsible person before releasing student from the bus (default transfer method).

The Eye-to-Eye Transfer Method requires a parent/designated person to receive your child/ren at the scheduled drop off location every day. It should be understood that if, for any reason, the parent/designated person is not at the bus stop at the scheduled time the bus will wait no more than 1 minute before proceeding on with the remainder of the route. Your student(s) would be kept on the bus – the driver would then return your student to their Kindergarten Center when done with the route.
