

2020 Yearbook Senior Portrait Information

Although senior year hasn't started, we have already begun the process of creating the 2020 yearbook. In order to include as many seniors as possible in the yearbook, David Bank Studios offers a \$30.00 in-studio yearbook pose portrait that *meets all the requirements for your senior's yearbook portrait*. Using one photographer helps reduce publication issues such as inconsistent head size, different color backgrounds/lighting, varied photo quality, and other noticeable differences. This practice also eliminates the extra step of multiple photographers and families submitting various styles of photos to the yearbook staff for approval (note requirements below). David Bank Studios submits senior photos at once, helping ensure photos are received by the yearbook staff and reducing the chance of unintentional portrait errors or omissions.

Portraits should be taken at the Fridley studio (1290 Osborne Road). Call (763) 571-2265 to schedule an appointment. Make your appointment early.

David Bank Studios will also be at Mounds View High School for students who still need a photo on **Thursday, October 24 (during lunches ONLY)** for no sitting fee. Due to production deadlines, your senior photo must be taken by this date or you will not be included in the 2020 yearbook.

For photographers other than David Bank Studios, note the photo requirements below. All submitted senior photos are subject to editorial approval. **Photos submitted from other studios MUST be submitted no later than Wednesday, October 9 for senior editor approval.** Submit photos via email in .jpg format to mvhs.senior@gmail.com.

PHOTO REQUIREMENTS - Subject to Editor Approval
