

Spring 2018

Class of 2019 Seniors and Parents:

The 2019 Irondale High School Yearbook Staff along with David Bank Studios have begun planning for next year's yearbook.

Besides taking excellent senior portraits at a good price, David Bank Studios also takes team, sports, and organization photos throughout the year, along with special event pictures for your yearbook. They will be freely providing the staff with many photographic services too, thereby keeping the cost of the book down for you.

There are many options for you to select from regarding your own senior pictures, however using one photographer better enables us to achieve uniform color, contrast, background treatment, and cropping. This allows the layout of the senior section of the yearbook to work more quickly and efficiently. This also helps us to include as many seniors as possible, even those who are not purchasing senior portraits and insures that no one is missed. **The yearbook session is free at David Bank Studios if done at the studio by June 29, 2018.**

A no-charge yearbook pose is also included with any paid session at **David Bank Studios**. Information from the studio on additional session choices will be enclosed with this letter.

Please try to have your photos taken in the summer because once school starts few appointments are available and most seniors have little time. To schedule your appointment please contact David Bank Studios in Fridley at **763.571.2265**.

Thank you very much for your support and cooperation.
